6 It may be that in course of large increase in the number of dispensaries the work in Medical Store has considerably increased and that temporary services of a whole time Asst are necessary. But I do not think that a whole time Asst is needed for the Laboratory. The main object of the Store Keeper post for the present is that at present the Asst Director Superintends the packing & issue of the materials - but the work occupy more than two or three hours of the time. The best thing that can be done is to combine the post of Store Keeper & Asst Director of Hospitals leaving the administrative

I am afraid there is much in what the S.S has said about there being two separate officers one each for the Medical Stores & the Lun. Asylum. The work in the former must have increased considerably during recent years & unless there is a whole time officer in charge of it & who can give all his detail his careful attention irregularities & abuses are likely to be largely prevalent. If it is considered that the charge of the Stores will not provide sufficient work however he can be P.A to the S.S as well. This is the arrangement at present. As regards the L.A. it may I think be put under the control of the officer in charge of the E.D. Hospital, Bangalore City, an additional S.A.S being given to him for immediate charge.

Subject:—

Placing the Lunatic Asylum in charge of a separate Officer as its Superintendent and ~~to~~ increase the sanctioned number of Assistant Surgeons by one.

At present there is only one Medical Officer of the rank of ~~Assistant~~ Surgeon in charge of both the Lunatic Asylum and Medical Stores (Vide Government Order No. G. 679-80/Med. 69-16-4 dated the 13th July, 1918).

2. The Superintendent, Medical Stores, in his letter No. 2222, dated the 8th April, 1919, to the Senior Surgeon, represented that the work in the Medical Stores had considerably increased and that it was not possible for a single officer to manage the work efficiently in addition to his duties as officer in charge of the Lunatic Asylum which institution itself required the services of a wholetime officer. The Senior Surgeon agrees with him in this view and recommends that the Lunatic Asylum may be placed in charge of a separate officer of the grade of an Assistant Surgeon, the sanctioned number of Assistant Surgeons being increased by one.

3. The matter was considered in Council and they are of opinion that the proposal to place the Asylum under a separate officer who should be a specialist in the treatment of cases of insanity may be approved, the sanctioned number of Assistant Surgeons being increased by one.

4. The Financial Secretary is of opinion that, if separate officers are to be appointed for the Medical Stores and the Lunatic Asylum, the appointment of a Surgeon may be abolished and an Assistant Surgeon may be placed in charge of each of the above institutions to minimise extra expenditure.

4

5. The Senior Surgeon who was consulted in the matter is of opinion that, in view of the large transactions amounting to over two lakhs of rupees carried on in the Medical Stores, it is necessary to place that institution in charge of a Surgeon.

6. I agree with the views of the Senior Surgeon and solicit approval to the resolution of the Council. The extra cost of employing an additional Assistant Surgeon in the Second grade may be met out of the lumpsum provision of Rs 25,000/- made in in the current year's Medical Budget on account of revision of pay and additional dispensaries.

Senior Surgeon with the Government of

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore, Bangalore.

Sir,

I have the honor to forward herewith a copy of letter No.2222, dated 8th April 1919, from the Superintendent, Medical Stores, praying that he may be relieved of the charge of the Lunatic Asylum, another officer being posted thereto.

Since the time the two institutions were ordered to be under a single Superintendent, the number of medical institutions and offices to be given supplies annually, have enormously increased and it has become impossible for a single officer to manage the institutions without prejudice to the efficiency of both. As the Superintendent has to spend much time in the Medical Stores, the feeding and care of the poor helpless inmates of the Asylum have to go without the supervision of the Superintendent, a state of things which ought to be remedied as early as possible.

I therefore request that Government may be pleased to order the Asylum being placed in charge of a separate officer as its Superintendent, in which case a Senior among the Assistant Surgeons could be posted to the charge of the Lunatic Asylum, with the usual quarters and the local allowance of Rs.50 in lieu of private practice. The sanctioned number of Assistant Surgeons will have to be increased by one, to enable me to fill the vacancy to be caused in the present sanctioned strength.

I have the honor to be,

Letter No.2222, dated 8-4-19, from the Superintendent, Medical Stores, Bangalore, to the Senior Surgeon. 21

I have the honor to submit the following facts to your kind notice for favorable consideration and early orders.

The work in the Medical Stores as well as in the Asylum has grown out of proportion to what one single officer could attend and consequently some of the important items of work in the Lunatic Asylum are practically going unchecked now.

At present the Medical Stores is opened both morning and afternoon. My constant presence there is absolutely necessary for obvious reasons. As such, the necessary attention required for the patients, books and accounts of the Asylum cannot be given , although no one regrets more than I do in this respect. This must necessarily tell upon the efficient discharge of the work of that institution.

If I am engaged in the Lunatic Asylum in the early hours of every morning, the employees of the Medical Stores are left to themselves and this practice, though unavoidable at the present, has to be allowed to continue at my own risk for obvious reasons. Further I beg to state that I have hardly time to go over the accounts on the one hand and checking and supervising of goods received and despatched every day on the other. Besides, the work of correspondence has increased immensely owing to the opening of several malnad and railway dispensaries and on account of supplies to the D.P.W. and touring officers of the Forest, Geological and Agricultural Department.

The recent audit notes of the Lunatic Asylum have sufficiently disclosed the several irregularities that arose in this institution for want of proper check in the previous years. Things have not improved even now.

I have already submitted a list of books that are maintained in the Asylum; periodical reports, etc, cannot be prepared by the Sub Assistant Surgeons. Notes are to be taken regarding the observation cases every day and of the other inmates periodically and reported upon. The Sub Assistant Surgeons are not capable of

22

of doing this. Therefore, in the interests of the Asylum, I request another Graduate be appointed in its management and I be relieved of its duties.

I have the honor to be,

Sir,

Your most obedient servant,

My dear Sir,

It is proposed to place the Lunatic Asylum at Bangalore in charge of a Separate officer as it is Supot & to increase the sanctioned no. of Asst. Surgeons in the Medical dept. by one. In this connection, I am to enquire whether there is margin of funds under the group 'Protection of Army' for incurring the additional expenditure.

The favour of a very early reply is requested.

My dear Sir,

With reference to your D.O. letter No.94/C.B dated 16th July 1919, enquiring whether there is margin of funds under the group "Protection and Army", I beg to state that according to the draft Budget Estimates for 1919-20, that group has a closing balance of Rs.90,000/- (which is the prescribed minimum) after allowing a special grant to cover a deficiency of Rs.1,10,000. There is therefore no margin for any further increase of expenditure, under that group.

Dear Sir,

With reference to your letter No. G. 2943-Med. 114-18-2, dated 6th August 1919, enquiring whether an officer of the Surgeon's grade is necessary for the charge of the Medical Stores alone in case the Lunatic Asylum is to be placed in charge of an Assistant Surgeon, I write to inform you that the transactions in the Medical Stores in respect of Europe Supplies alone have gone up to a lakh and a quarter rupees a year and there is every prospect of the value increasing with an increase in the number of medical institutions. Adding the value of country medicines and articles of bedding, clothing and furniture the total will go over two lakhs and ~~the responsibility of such charge cannot~~ it is not desirable to place an officer of a lower grade than that of a Surgeon in charge of the Stores, who has constantly to correspond with and point out discrepancies in the indents received from officers in charge of institutions who are themselves Surgeons. An Assistant Surgeon will quite do for the charge of the Lunatic Asylum. There is thus no scope for the abolition of a Surgeon's place. But an additional Assistant Surgeon will be required for the ~~new charge~~ separate charge of the Lunatic Asylum.

Yours sincerely,
